

Dear Ted:

Please forgive me for taking such a long time to say “thank you” for everything Team Baker did for us during our corporate visit. I was so proud of our beautiful property because of your team’s effort and attention to detail.

Ann Marie, the VP, saw a vast improvement in the landscaping and was very happy with the improved appeal of the grounds and the reduction in weeds! It was a very positive visit, in large part, because of you and Team Baker! Thank you!!!

The following day we had a “Lenders” inspection with corporate. The inspector would not stop commenting on how beautiful the landscaping was!!

She said that she has been on many properties, but ours was unusually beautiful because of the landscaping!!

Ted, please thank all of the Baker family that contributed to making the property shine! Special thanks to Jon and Mariano for going the extra mile to insure that Baker Commercial Landscaping was represented in the most positive and professional manner possible.

Please visit us soon so that you can see for yourself how their much appreciated efforts have paid off!

I sincerely thank you for all you do for us each and every week!! Team Baker Rocks!!!

Most sincerely,

Paige Schraibman
